

# THE BLAIRMORE ENTERPRISE

VOL. XVII., NO. 21.

THE BLAIRMORE ENTERPRISE, THURSDAY, MAY 26, 1927.

## SIXTY YEARS OF CANADIAN PROGRESS

The Enterprise has received a copy of a very interesting booklet from the national committee for the celebration of the Diamond Jubilee of Confederation. The booklet is entitled "Sixty Years of Canadian Progress," and is brimful of information and the history and rise of the Dominion since the fathers of the scheme of confederation sat and seriously considered the matter sixty years ago.

## ALLEN PLAYERS HERE ON JUNE THE 13th

The famous Allen Players have booked an engagement here for Monday, June 13th, when this popular troupe, headed by Miss Verna Felton, will appear in "French Leave." Bear this date and play in mind.

Copies can be had at 10 cents each by applying to the National Committee, Ottawa.

## DEATH OF JAMES PATTERSON

The Grim Reaper has removed another of Blairmore's highly-respected old timers, in the person of Mr. James Patterson, who died at the local hospital on Monday afternoon, following a very brief illness of pneumonia.

Up to less than two weeks ago, Mr. Patterson followed his occupation at the Greenhill washhouse daily. He protracted a severe cold some twelve days ago, which later developed into pneumonia. On Saturday he was removed to the hospital, where he laid unconscious to the end.

Mr. Patterson had but recently passed his sixty-fourth milestone. He came to Western Canada around twenty years ago from Nova Scotia and has since been employed in various mines in the Crow district. For the last eighteen years or so he, with his family, resided here.

Mr. Patterson is survived by a wife and nine children. The eldest son, James, resides in the Eastern U. S.; Robert and Findlay in the Western States; William, John, Samuel and George in Blairmore. Mrs. Stitt, of Lethbridge, and Mrs. M. L. McKinnon, of Blairmore, are daughters.

Funeral takes place Sunday afternoon at 3.30 from the family residence on Woodward Street west. Service will be held at the residence, Rev. W. T. Young officiating. The remains will be laid to rest in the Blairmore Union cemetery.

## PARISH OF ST. LUKE'S CHURCH, BLAIRMORE

The Right Rev. Ralph Louis Sherman, Bishop of Calgary, will visit the Crows' Nest Pass on Sunday, June 5th. He will celebrate Holy Communion at 9.45 a.m., and hold confirmation service in the evening at 7 o'clock.

Will all members make a special effort to be present early at the evening service on June the fifth, so they may get a seat.

A reception will be held for his lordship at the Parish Hall, Coleman, on Monday evening at 8 o'clock, to which all members, both of Blairmore and Coleman, are cordially invited.

Bishop Sherman was born in the province of New Brunswick, where in the course of time he became a Rhodes' scholar and went to Oxford University. He was ordained a deacon in London, England, in 1912, and priest in 1913. For two years he worked in one of the poorer districts of London. From there he went to St. John, New Brunswick, as rector; then as first rector of Holy Trinity church, Toronto. In the beginning of 1925, he was elected dean and rector of Trinity Cathedral, Quebec. On the 5th of October, 1926, he was elected Bishop of Calgary on the first ballot and was consecrated second Bishop of Calgary on February the 24th last, succeeding Bishop Pinkham.

## SERVICES

Sunday, May the 29th—Matins at 11 a.m.

Sunday, June 5th—Holy Communion at 9.45 a.m. Confirmation Service and Evensong at 7 p.m. Please be early.—A. D. CURRIE, Rector.

Tim Murphy was up from Macleod visiting friends for a couple of days this week.

Remember the big ball to be held in the Union hall at Hillcrest on Monday night next.

Greenhill Temple No. 10, Pythian Sisters, will hold the last whist drive of the season in the Lodge Hall on Friday, June 3rd. An added feature to the evening's programme will be a sketch by the Pythian Sisters, entitled "The Blairmore Henpeck Hollow Sewing Circle." The usual six prizes. Come and have a good time. Whist at 8 o'clock.

## MEETING OF CITIZENS DISCUS DIAMOND JUBILEE CELEBRATION

At the instance of the Blairmore Branch of the Canadian Legion, B. E.S.L., a meeting representative of the Legion, town council, school board and various fraternal organizations operating in town, was held in the Elks' hall on Monday night for the purpose of considering plans for the proper celebration of Canada's sixtieth anniversary of Confederation.

The meeting, which was very well attended, was called to order by Deputy-Mayor William McVey, and upon motion, Mr. J. E. Gillis was called to the chair. The objects of the meeting were outlined fully by Mr. A. J. Kelly, as secretary of the Legion. Blairmore, being centrally located, it was thought necessary that a very special effort should be made to offer the biggest attraction on that day. Already the Legion had planned on a two-day celebration, but they desired the promise of the fullest co-operation of every organization and every individual. All should work together for a celebration fitting to the occasion.

On behalf of the Legion, Mr. Ed. Royle, president, announced that two field days would be staged, on the afternoons of the 1st and 2nd of July.

Mr. Pinkney suggested that a committee should be appointed to interview every home and business place in town, urging that they raise flags and generally decorate their premises for the occasion. Already the town council had granted the sum of \$50 towards the decorating programme. This was thought to be very inadequate and a further appeal will be made to the council by the following deputations: Mr. J. E. Gillis and Mr. A. Greig.

Upon motion by Messrs. Bannan and Pinkney, Mr. Gillis was chosen permanent chairman of the celebration committee. The following were appointed on a general committee to act in conjunction with the Legion: J. E. Gillis, Ed. Royle, S. G. Bannan, W. H. Chappell, Mayor Farmer, D. McPherson, W. W. Scott, T. J. Williams, A. Greig, R. Gray, Mrs. Pinkney, Mrs. McKay, Mrs. Gray, Mrs. D. A. Howe, Mrs. E. Muncester, Mrs. H. Moore, W. J. Fisher, W. J. Bartlett, R. W. H. Pinkney, I. Rae and R. Perry, with power to add to their numbers. Mr. A. J. Kelly was chosen permanent secretary.

Messrs. Scott, Gray and Chappell were appointed a parade committee, and it was suggested that a feature of the parade be industrial floats. Mr. Greig, manager of McLaren Lumber Co., offered to start the ball rolling by entering a float. Floats will follow a mammoth procession of school children and citizens generally, headed by the Bellevue West Canadian Band, which will be in attendance both days.

A meeting of the full committee decided to adjourn to meet again tonight at 8 o'clock.

According to Monday's C.P.R. crop report, "in Alberta, in spite of rains, approximately 75 to 85 per cent of wheat and 40 to 60 per cent of coarse grains are seeded throughout the province. There is much new land in crop this year and this will cause very little, if any crop reduction. Southern Alberta is putting wheat into every available acre. All early-sown wheat is above ground, the roots are getting a chance to develop well on account of the cool weather. Ninety per cent of the sugar beet acreage has been seeded and part of the crop is already up. Grass is growing nicely and livestock which came through the winter in this condition is already being benefited. Sheep are flourishing, but the lamb crop has not been as good as expected."

A liquid to make wood fireproof has been patented by a Norwegian.

## SALES TAX

Under a recent amendment to the War Revenue Act of 1915 of the Dominion government, job printing offices are brought under the act, whereby we are compelled to charge a sales tax on all job printing.

By this act we must add this tax on every invoice and collect the same and remit the amount monthly. We have no option in the matter. This sales tax does not apply on advertisements in the paper, but only on job printing.

The act came into effect on May 1st, 1927, so that your next statement will have the sales tax added.

The New York State Council of the Knights of Columbus, numbering approximately 185 men, will travel through Medicine Hat and Calgary during the last week in July, enroute to the annual convention of the Supreme Council being held at Portland, Oregon, on August 2nd to 4th.

The 15th Canadian Light Horse, of Calgary, Crossfield and Okotoks; the 2nd Alberta Mounted Rifles, of Pincher Creek, Claresholm, Nanton and High River, will train at Sarcee Camp this summer for nine days, from July 2nd to 10th inclusive.

A larger number of men will be allowed to train this year than was the case last, and the strength of "C" Squadron, of Nanton and High River, will be 42 of all ranks instead of 22 as was the case last year. Other arms, including artillery, will be in training at the same time.—Nanton News.

The residence of Mr. and Mrs. Neil McKinnon, in West Coleman, was totally destroyed by fire on Wednesday night of last week.

WORLD HAPPENINGS  
BRIEFLY TOLD

T. H. Jones, Toronto, was elected president of the Canadian Association of Advertising Agencies at the annual meeting held in Toronto.

The test of the South African nationality and flag bill has just been passed. The bill provides that the Union Jack shall be flown in connection with the new flag.

The smallest record for 1926 once again gives the United States the unenviable distinction of having reported more cases of this preventable disease than any other country outside of Asia.

The Prince of Wales and Premier Baldwin probably will sail for Canada July 23 aboard the S.S. Empress of Australia; it is understood. The Premier expects to return August 17. The Prince will stay two or three weeks longer.

A number of foreign troops engaged in a fracas at a cafe in Shanghai, China, and after it was all over the police reported that British, Italian, French and United States soldiers and sailors were suffering from bruised heads.

The London Daily Telegraph's Melbourne correspondent states that the Australian export of apples this year is the lowest in 20 years. The exports reached 1,423,000 cases, of which almost a million cases have been sent to British Columbia, with 4,250,000 cases exported last year.

Hon. J. A. Robb, minister of finance, contemplates a trip to Europe this summer. While he would go primarily for the purpose of a holiday, the minister would deal definitely with financial matters. One of them would likely be a trade treaty with Germany.

Basel Newton, representative at Hankow of the British minister to China, is understood to have been recalled. This is interpreted here as a gesture of British disapproval of the Southern Nationalist Government under the leadership of Eugene Chen.

Germans are said to be buying more pictures in London galleries than Americans, and therefore are taking the acquisition lead of the world. Their favorites are the early Dutch Masters, for which they are paying very high prices, but they also are purchasing other popular paintings.

## Another Valuable Discovery

Scientists Devise System to Measure Speed of Blood in Body

The speed with which the blood travels through the body can now be measured by a system devised by Dr. Herman Blumgart and Dr. Sama Weiss, of the Thorndyke Memorial Laboratory of the Boston City Hospital.

Physicians say the method will be of great value in diagnosing and treating diseases of the heart and circulation system. Attending physicians can now determine accurately just how much of its work the heart is doing. In a statement today, Doctors Blumgart and Weiss describe their system as follows:

"A minute amount of a radioactive substance is injected into the veins of one arm and by means of an electrical detecting device the time of arrival at various parts of the body is noted. The speed with which this radioactive substance is transmitted by the blood gives a measure of the speed of the blood stream."

In the course of time the oldest inhabitant becomes a survivor.

## Student Gains Distinction

Saskatchewan Medical Student Wins Honors in United States  
A Saskatchewan student has won the distinction of coming out on top of the first part of the examinations conducted by the United States board of medical education.

Malcolm B. Conitt, 26 years, Assiniboia, writing in the examination with students from medical schools throughout the United States and Canada, gained first place, and the only Canadian in the first ten places. He is a son of Mr. and Mrs. R. D. Conitt, Assiniboia. His father is inspector of schools for the Assiniboia Inspectorate, and is at present stationed at the Regina normal school.

Winnipeg Newspaper Union  
Fashion

Flares Temper Straight Silhouette

This frock, although of tailored genre diverges from severe simplicity in a new way. The flare at the left side of the skirt is smart and graceful. The collar is convertible, and the front closing is of the diagonal type, long rolling reverse ending in a pointed tab. The back is plain, and the tailored sleeves are finished with trim little cuffs. No. 1294 is for ladies and is in sizes 36, 38, 40, 42 and 44 inches bust. Size 38 requires 5 1/2 yards, 39-inch, or 4 yards 5 1/2-inch material. Price 20 cents.

Many styles of smart apparel may be found in our new Fashion Book. Our designers originate their patterns in the heart of the style centres, and their creations are those of tested popularity, brought within the means of the average woman. Price of the book 10 cents the copy.

Confederation and After  
Sixty Years of Progress

The Renaissance of the Buffalo in the West

One of the least creditable incidents in the early history of the west, after the coming of the white man, was the near-extinction of the buffalo, one of the more creditable was the effective steps taken at the last moment to save the buffalo from utter extinction and bring him back, not to anything approaching his one-time numbers, but to a population that ensured the survival of this interesting and valuable animal.

At one time the buffalo ranged over the greater part of North America, and we know from the narratives of many of the early travellers and fur-traders that a hundred years or more ago they travelled in such incredible numbers over the plains of what is now Western Canada that the country was literally black with them as far as the eye could reach. Nevertheless at the time of Confederation they were practically extinct in British North America as well as in the Western States, although it is estimated that they once numbered 75,000,000. How they were exterminated is not a tale to remember.

One of the most picturesque links between the present and the past so far as the buffalo is concerned, is the veteran Canadian poet Charles Mair, still living in Victoria and approaching his sixtieth year. Mair knew the west when the buffalo might still be seen occasionally in their native state, and was so impressed with the tragedy of their extinction that in 1890 he published, through the Royal Society of Canada, an appeal that aroused the interest of thoughtful men. Some years later thoughts were taken to save this vanishing race of native Canadian mammals, with such success as may be seen today in the west.

It so happened that, almost accidentally, a few buffalo had been saved when the rest of the race disappeared. A man named Michael Pablo finally built up a herd of six hundred in Montana. The Canadian government bought these and had them carefully transported to what is known as Buffalo National Park in Alberta, about midway between Saskatoon and Edmonton. In this area of one hundred thousand acres the buffalo have thriven and multiplied until even that large area became insufficient to support their numbers.

During the summer of 1925 the experiment was tried of transposing sixteen hundred of these buffalo to the wooded country to the westward of Great Slave Lake, where there were already known to be about two thousand wood buffalo in a natural state. The experiment worked so well that last year over two thousand more buffalo were sent north from the Park, and this year the same number will be taken up to join their brethren. In addition about two thousand animals have been slaughtered from time to time, and disposed of in the public market, to keep down the numbers of the herd. Nevertheless there will be about six thousand buffalo in the park.

In other words, the handful of buffalo that Pablo started with, or the six hundred that were first brought to the park, have increased to four teen thousand. That is surely a more satisfactory and a more creditable sight than the countless piles of buffalo bones that once marked the prairies of Western Canada.

## Settlers Have Capital

Thirty-four families, bringing capital of \$1,141,750, have come to British Columbia from Great Britain already this year, as part of a new movement of people of independent means who will settle there.

COULD NOT  
REST OR SLEEP

Rash on Arms, Neck and Face. Cuticura Heals.

"I was troubled with an itching rash which broke out in blotches on my arms, neck and face. It itched and burned causing me to scratch, and scratching caused eruptions. My face was disfigured and I had to bandage my arms. I could not rest or sleep on account of the irritation. A friend advised Cuticura Soap and Ointment so I sent for a free sample. I got relief at once so purchased more, and after using one cake of Soap and part of a box of Ointment I was healed." (Signed) Miss Wava C. Carter, Junction Rd., Springfield, N. B., Aug. 30, 1926.

SUNDAY SCHOOL LESSON  
MAY 29

PETER UNDAUNTED BY PERSECUTION

Golden Text: "We must obey God rather than men."—Acts 5:29.  
Lesson: Acts 5:17-42.  
Devotional Reading Psalm 57:1-4.

Explanations and Comments

1. Peter and John Again Imprisoned. Acts 5:17-18.—"We cannot but speak the things which we saw and heard," had been the bold declaration of Peter, when he and John were brought before the Sanhedrin (our last lesson). Upon their release they continued their preaching, and the people flocked to hear them. The jealousy and enmity of high priests and Sadducees were aroused, and they had the apostles again imprisoned.

"From bitterness preserve me Lord: From jealous thoughts protect my day."

Again the stroke of envy's sword Help me to hold my way.

And grant my soul sufficient grace, To shun all envy's spite, And look upon his eager face With sympathetic eyes."

—Henry Robinson Palmer

Early the next morning the Sanhedrin learned that their prisoners had escaped, although the prison was securely locked and the guards at the doors. They learned also that the prisoners were preaching in the temple. Great was their consternation. What could be done with such defiant men who had an unknown ally to help them out of prison?

## Diamond Jubilee Celebration

Some Suggestions for Guidance of Committees

The mayor or reeve should call a meeting to form a jubilee committee. The municipal council, educational authorities, representatives of churches, societies and other organizations should be included. The function will be to arrange programs for the celebration, and to appoint sub-committees to deal with such matters as finances, decorations, sports, parades, etc. Public buildings and streets should be decorated with flags and bunting, and citizens generally should decorate their homes.

A good way to get people together is to have a procession. Arrange the local band and have the children join in the parade in which all societies and organizations should have a part. In the parades, floats portraying the history of our country should be included. If floats cannot be made, the young people might arrange historical tableaux, with suitable music. Veterans should also be requested to join the parades. Newcomers in all districts should be especially invited to take part, where there are old settlers, they should be especially asked to join in the celebrations. The flag should be flown in conspicuous place, and the procession should march past and salute.

There might be a picnic or other demonstration, with sports for the children. In the evening there could be a concert with fireworks and a community bonfire or other illumination.

## Prince Likes Small Houses

When the Prince of Wales takes up residence at Marlborough House he will occupy a small house within a house. He always objected to the size of Marlborough House, and alterations have been so carried out that his private suite consists of comparatively small cosy rooms, around which are the big state and reception rooms for visitors and state functions.

Occasionally a man gets so discouraged that he feels like writing poetry.

A well-beaten path may not lead in the right direction.

Engineered  
to Insure  
Dependability

The faith of thousands of tire users in Firestone Gum-Dipped Balloons is founded on exacting service—long mileage and dependability. Known as the pioneer of the Balloon—Firestone has consistently led in its development—using only the best materials and engineering to bring it to the highest point of reliability. It is only natural, with such a high quality product, that Firestone has attracted the best dealers in the country. Call your nearest one to-day. FIRESTONE TIRE & RUBBER CO. Prohibition in U.S.

Ramsay MacDonald Believes It Is a Great and Praiseworthy Effort

Ramsay MacDonald, former British Prime Minister, after completing a month's visit to the United States, believes prohibition is a "great praiseworthy effort to keep people decent and does not merit the sneers of visitors who find it a subject for smarting."

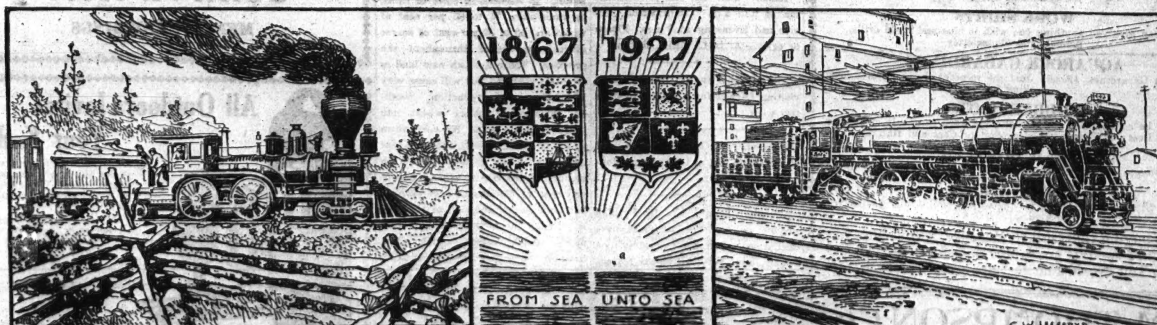

"So many of our smart people have been over here and sneered at the law, but when I go back I am going to take the other side," he said. "Two things have touched me very much; first, the very cordial greeting I received from the press of all colors and parties in the United States, and second, the great personal care I had during the three weeks of my illness."

"It is tremendously impressed with the need of America and Great Britain to understand each other. I do not want alliances; I don't want agreements; I don't want entanglements of any kind, but I do want understanding. "It is essential that the best type of Britisher and the best type of American should come together. There is so much smart flashiness, jazz dancing and high society ignorance from both sides and being taken on both sides as representative, that men and women of good will ought to work hard to reveal the more permanent good qualities of each other."

## Breaking Western Rye Grass Sod

The highest yield of wheat obtained for the first and second years after breaking western rye grass sod at the Scott, Saskatchewan, Experimental Station, was obtained by breaking early in June and treating as summer-fallow. Breaking in the spring and seeding wheat gave a considerably smaller yield per acre in both the first and second years. When it is desirable to take a crop of hay the year the land is broken, very fair results may be obtained by breaking in July and hatching in September.

## CANADA'S THREE SCORE YEARS OF NATIONHOOD

Very literally are the Provinces of Canada bound together by bands of steel. As a matter of fact, British Columbia became a Province of the Dominion in 1871 under promise of railway connection, though the actual linking up did not become a reality till 1895. The enormous development

of railroading has been one of the outstanding features of the sixty years that have elapsed since Ontario, Quebec, New Brunswick and Nova Scotia united under one central government in 1867. At that time the new-born Dominion boasted 2,375 miles of track; it has over 42,500 miles today. In equip-

ment, too, evolution has been great. The wood-burner of 1867, though capable of very creditable speed, was a plummy in size, weight and strength compared with the huge locomotives of today. Mr. C. W. Jefferys, Canada's foremost historical artist, here graphically depicts the changes that have taken place.

## Cook Vegetables by Steam

Great doctors the world over agree on one thing anyway, and that is "If you want to be healthy, cook all vegetables by steam!" It's real advice.

### CHAPTER XXXVI.—Continued

The letters died away. The second witch arose and danced before the girl against the pillar. The glimmer from her lantern bathed the white form in scarlet, and pale letters glowed in the sky—"DISTRUST!"

The guests of Joanna stirred in their seats and settled again into tense, breathless silence. The third witch danced and held aloft her light. The figure in the market place took on a hue of green. New letters formed: "ENVY."

Yvonne, who had stared fascinated at the unfolding of the tableau, suddenly was conscious of a breath on her bare shoulder. She looked around and peered into the fixed eyes of Brandon. Around his forehead a bandage shone white. He stood beside the vacant chair into which he had intended to drop subtly. Yvonne watched his lips and saw them frame the whispered words—the words he remembered as Joanna's plaint to Eggleston, long ago, in the sombre library of the house on the Avenue when she told the tale of the three things that had haunted her in her hopes with the problems of the girlhood of today—"Misunderstanding, Distrust and Envy."

Brandon was so tightly wrapped in the spell of his memory and this amazing, reminding, staged by Joanna with her troupe of actors and actresses especially brought from Paris, that Yvonne reached back and touched him to bring him to a realization of his surroundings. He brushed his hand across his eyes and dropped into the vacant chair.

"I am just in time," he remarked "to witness the sensation she arranged secretly. I fancy it will be most interesting."

Yvonne studied him a moment and then turned back to the scene on the stage.

The three witches danced away into the background. Out of the crooked streets of the make-believe city other shapes were coming down into the open space—fantastic shapes with empty faces pallid white with chalk, ghastly, grotesque. On the small stage it seemed as if there was an army of them, the population of the city they sprung from.

Brandon started as violently that Yvonne and Kellworthy shot a glance

at him. When they looked back upon the stage they saw why. Unquestionably he was among those grotesque figures, for one of them walked with exaggerated grace and his head was bandaged!

And just then, as if a common realization had swept over the men and women, the puppets and mannequins, the pierrots and Columbine in the audience, there was a sibilant sound of pent-up breath escaping hundreds of lips. Almost every one of those who had come to the revel of the Golden Girl recognized, in one of those weird, white-faced figures on the stage—himself or herself!

Betty Weymouth saw that Joanna had caricatured her. Prince Michael saw himself, as surely as Brandon had recognized the graceful form in the bandage. John, who stood at the back of the pavilion saw a masque of himself. Everyone else saw something of his or her representation in the silent city's inhabitants as they trooped down into the market place around the almost nude girl who leaned against the column in the centre.

The girl raised her head and shook the long strands of her billowy corn yellow hair. When she saw that the witches had faded away from her, and that she was among the people of the city—the people if the world in which she found herself, her body straightened. The orchestra burst into a joyous rhythm. The girl leaped into the throng of masques and danced the dances—danced gaily, her flimsy draperies flowing in utter abandon.

"Watch the witches!" Brandon murmured. He spoke to himself, but Yvonne and Kellworthy nodded in acknowledgment that the thought had come to them, too.

A little company, in the masques of morose solemnity, assembled at one side of the stage. Up to them and around them the girl danced ecstatically. They swayed back and forth in time with the young feet that seemed to dance as if slipped with quicksilver. A note of mournfulness crept into the music. The girl danced slowly, more heavily. The witch with the young hair, "Misunderstanding," fell into step behind her. The girl shrieked; relentlessly the evil witch pressed upon her. An eerie lamentation shrieked from violins and reeds; slowly, mercilessly, "Misunderstanding" drove the lovely girl back to the pillar.

Again the dancer escaped her baleful guardians and moved merrily, hopefully, carelessly. She was driven back from the group that gathered around her, by "Envy." A third time she tried to spread her rhythmic doctrine of carefree youth and grace and vividness, and again—!

In the audience a woman uttered a half scream, half moan. Another woman rose to reach over to her. A man stood, in an instant the puppets and mannequins, the pierrots and Columbine were on their feet. Many faces were as white as those of the mute characters on the stage. Now the three witches, all of them, were bearing down upon the girl who fought valiantly to overcome the misunderstanding, the distrust, and the envy of those white faced people who stifled her.

The music quickened. The girl, in a panic, sought to flee. The witches penned her in and drove her, step by step, while the silent masques circled and swayed monotonously, back to the water-tough post. The orchestra burst into a discordant crescendo. The dancer, helpless, discouraged, backed against the pillar and flung out her arms in mute appeal. The witches raised their lanterns in hideous glow. The green, yellow and scarlet rays pierced the filmy covering of the young body and bathed it in a million. And by some weird trickery of a hidden electrician the rays from the

lantern of Misunderstanding, Distrust and Envy made a shadow against the city; a shadow black as night—the shadow of a cross.

This time it was Yvonne who whispered softly: "Cruelty by those who don't know!"

With a common impulse Yvonne, Kellworthy and Brandon, and even Betty Weymouth, made their way through the silent, thoughtful throng of departing guests, to the door that led onto the pavilion stage—the door through which Yvonne had seen Joanna disappear before the actors began their play. The director of the company of performers shook his head:

"Mademoiselle left with me the money to pay my troupe, and then went away," he said. "She was most generous, and we would speak more of our gratitude to her but she is not here."

John, his face as white as had been those of the actors, appeared out of the dark of the grounds. His concentrated Yvonne.

"We must find Brandon—quick!" he exclaimed. "She has gone. I went to the house to wait for her. I wanted to say—a great many things. Your butler told me she left alone in her car. There is a message, he says, for Brandon."

The horns of the automobiles in which the guests at Villa Amette were starting for their homes, and their reflections upon the amazing climax with which the Golden Girl had revealed them to themselves, echoed up from the sea road. John, Kellworthy, Dornmaster and Yvonne hurried to Joanna's little sitting room, Martha, Cecile and Marie; Joanna's maids, with wonder and shock in their faces, met them. Martha led Yvonne into the gorgeous bed-room and pointed to a glittering mass of jewels—every ornament from her mistress's gem case, piled on the broadened satin cover. In her hand Martha held an envelope. Her fingers shook as she handed it to Yvonne.

"She said it was for Mr. Brandon," the maid exclaimed. "And she said I was to say there would be nothing more—ever!" Martha lost her fight to keep back her tears and her eyes suddenly swam with them. "She's gone, ma'am!" she cried. "She said somebody was taking her money away from her because she was too old fashioned inside!"

One of the supremely modern young persons whose left hands spread vivid colored weaves on the silk counter in the great department store called to her companions on either side of her:

"Watch your step, children! Good Morning is coming! Mr. Harkness, the Buyer, sleek and self-sufficient as ever murmured no apologies as he edged his way through the crowds before the counter to summon with his eyes, the girl with the shimmering gold brown hair. "His manner was gentle," strangely respectful. His tone was almost deferential.

"You are to get your wraps, Miss Twenty-seven, that is to say, Miss Joanna! Is Mr. Graydon's request. You are to go in his car to this address on the Avenue!"

He handed Miss Twenty-seven—with her old number in her old job—the slip of paper on which he had

## SO SHORT OF BREATH SHE COULD HARDLY DO HER HOUSEWORK

Mrs. Nelson Moore, Milford, Ont., writes: "I had heart and nerve trouble, and became so short of breath I could hardly do my housework, and was so nervous every little sound I heard felt like a shock to me. A friend of mine recommended

so highly I got a box of them and they did me so much good I got the second box and now I am feeling like a different woman."

Heart and Nerve Pills are 50c. a box at all druggists or direct from the T. Milburn Co., Limited, Toronto, Ont.

written the directions given him by The Old Man's quiet secretary. When she read the shadow came into her face, and something of dread she had written a long, very long letter to this man, address, to Andrew Eggleston. She had hoped she'd never have to face him. But she turned away with "Fare you" for Good Morning, and went to get her cloak and to the subway.

In the big, solemn library in the house of Andrew Eggleston, on the Avenue, where Joanna once had spent the long hours of an afternoon with the bluestrip she had slipped from John's rooms, a quieted between her and the banker, a remarkable company was gathered.

Graydon, his gray face alight with tender excitement, repeated to a man of his kind who stood apart with him, the thing he had said over and over again to everyone in the room: "And she came back, her skirts as scant as ever, her lips as red and her hair was imperiously short. If there was any change at all it was in her eyes, they were just as brown and shining but, somehow, they gave the impression that someone had looked very deep in them—into their very depths, perhaps."

And she asked if she might have her job, and her number, and gave me back her bank book—with nothing in it—and asked if I'd send it back to old Eggleston, here, and save her the trouble of seeing him. When I learned a lot—that wasn't good to know, I want to forget it!"

(To Be Continued.)

## WHY TORTURE THE LITTLE ONES

Mothers, do you think it fair to torture your little ones, forcing them to take life-tilting oils when they need a laxative medicine? Don't you find that the child's dread of these medicines often do more harm than good?

Baby's Own Tablets are the modern substitute for these nauseous doses. They are the very medicine the child requires and are so pleasant that more than nine out of ten children are so happy to take them as a glass of water. They are the perfect remedy for all the ailments of the little ones, being absolutely guaranteed from injurious drugs. Baby's Own Tablets accomplish all that doctor oil and other bad-tasting remedies can do. In fact they accomplish more as they do not leave the child exhausted from its struggle against taking medicine. They relieve constipation, break up colds and simple fevers and promote healthy, refreshing sleep. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

## Beam Wireless For Canada Service to be Established Between Australia and Canada

The management of the company operating the beam wireless service recently inaugurated between Great Britain and Australia, announces that within about eight weeks a similar beam service will be opened between Canada and Australia.

The service between Great Britain and Australia is the longest direct telegraph service in the world. It was started on April 8.

The Canadians plans are announced to start their beam service between the Commercial Intelligence Journal, issued by the department of trade and commerce.

Could Hardly Live for Asthma, writes one man who after years of suffering has found complete relief through Dr. J. D. Kellogg's Asthma Remedy. Now he knows how needless has been his suffering. This matchless remedy gives sure help to all afflicted with asthma. Inhaled as smoke or vapor it brings the help so long needed. Every dealer has it or can get it for you from his wholesale.

## Railway to Tar Sands Concessions

Salt Works and Tar Deposits in Alberta to be Served by Railway. The Alberta legislature has authorized a three mile extension of the Alberta Waterways railway from the present terminus to the salt works and a tar sands concessions near Fort McMurray. The tar sands concessions have been obtained by a California company which proposes to establish a steam and road paying company to operate in all parts of western Canada. This company and the salt company will share with the government the cost of extending the railway.

As a vermicide, an excellent preparation is Mother Graves' Worm Exterminator. It has saved the lives of countless children.

Don't make yourself common: the world only sits up and takes notice of the uncommon.

## Progress of Chinese Women

Optimistic Factor in Development of National Life Says Oxford Professor

Prof. Scofield, professor of Chinese at Oxford, says: "It is the Chinese woman who is the brightest spot on the landscape, the most promising spot in the national life. Twenty years ago almost the only girls with any education and with natural feet were the product of certain mission schools. Then nearly half the population of the country, some 200 millions of women and girls, had crippled feet. The effect on carriage, happiness and character is only made evident now that a new race, being evolved. If a sign can be sought of progress in China, perhaps the most felicitous is the highboard on the woman's foot store. Twenty years ago it did not exist, but now it is found in every city. Then every woman made her 'three-inch golden lilies' to cover what remained of her maimed feet. Today the foot store supplies her with beautifully made shoes to wear over her flesh-colored silk stockings."

Leaders in Public Service. Members of the Canadian Daily Newspaper Association were in session at Toronto recently, and it is interesting to note how many of these representatives also find time for public service. In the national arena the veterans are prominent, while in every municipality, without question, the head of the newspaper takes his due share of leadership in some direction or other. Newsmen work and public service are closely allied and in Canada are synonymous terms.

"Allice—Herbelle is wonderful, but, of course, he'll never set the world on fire."

Her Dad—"He would if he owned it and had it insured."

## Personal Comment By Mrs. E. Johnson

Bell Grove, N. B.—"I became very weak and could not do any work. My nerves were very bad—in fact, I did not care if I lived or not. I also suffered with indigestion. I was getting pretty badly discouraged when a friend advised me to use Dr. Pierce's Favorite Prescription, and I am very glad to say it helped me right from the start. Now I am feeling like a new person. I will always recommend Dr. Pierce's medicine after this. I give permission to publish my letter trusting it may be the means of helping some other sufferer back to health."

(Signed) Mrs. Elizabeth Johnson.

Just ask your nearest druggist for this Prescription of Dr. Pierce's in tablet or liquid form.

Write Dr. Pierce, President Invalids' Hotel, Buffalo, N. Y., if you want free medical advice.

## You will really enjoy using DUCO

IT'S not like the old painting job that I had to be carefully guarded for days before it was dry.

With DUCO there are no long waits before you can get your home back in shape after painting. The amazing quickness with which DUCO dries makes it indispensable for brightening up the home, and like the DUCO finish on fine automobiles and furniture it wears and wears and wears.

Good dealers everywhere can supply DUCO in a wide range of colors, Clear DUCO and four beautiful Stains.

There is only ONE DUCO—DUPONT DUCO

## SICK ABED EIGHT MONTHS

After Taking Lydia E. Pinkham's Vegetable Compound Could Do All Her Work and Gained in Weight

Melfort, Saskatchewan.—"I had inward troubles, headache and sores in my back and sides. I was unable to do any work that I could not sit up and I was in bed most of the time for eight months. An aunt came to visit and help me as I was unable to attend to my baby and could not do my work. She told me to try Lydia E. Pinkham's Vegetable Compound, and after taking two bottles I could get up and dress myself. I also took Lydia E. Pinkham's Blood Medicine. When I first took the medicine I felt very weak and weary and can't sleep I always take a bottle of the Vegetable Compound. I find it wonderfully good for female troubles, and have recommended it to my neighbors. I will be only too glad to answer any letters received asking about it. Write to WILLIAM BIRCHIE, Box 486, Melfort, Saskatchewan."

## LINDBERGH'S EXPLOIT

The successful solo air flight of Captain Lindbergh from New York to Paris discounts any previous flying achievement, great as it may have been.

This intrepid young airman has completed a flight which for sheer nerve and daring makes the hazards of his predecessors in long-distance air journeys look comparatively simple. His dash away from New York on his 3800-mile journey without companions or wireless looked to be a case of courting suicide. It seemed to be a 100 to 1 chance, but the skill, courage and iron endurance of this youngster from the west were not overrated and his confidence in his engine to withstand the terrific strain imposed upon it proved to be well-based. He has triumphed where other similar expeditions, apparently much better grounded for the exploit, failed. He is deserving of the honors and the rewards which will be heaped upon him. He has defied distance and conquered space. He has given impetus to long-distance aviation which will prove of inestimable value to mankind. No longer will the 1900-mile stretch across the North Atlantic appear an insuperable obstacle. Regular air traffic between Canada and the Motherland is now a matter of the near future. For Lindbergh has robbed that stretch of mighty waters of much of its terror for air passage. He has shown what confidence and courage, coupled with a modern aeroplane, can accomplish. He has blazed a mighty path where others will surely follow with greater confidence.—Albertan.

The new C.P.R. Hotel Saskatchewan was officially opened at Regina on Monday.

## REFINEMENTS RESPONSIBLE FOR OLDSMOBILE PERFORMANCE

THE quality and the performance of an automobile are not intangible attributes. They are based upon certain definite features of the car's construction and by these features they may be judged. When you come to the point of investing in a car, you cannot afford to be satisfied with vague promises or generalities. You owe it to yourself to investigate, point by point, the features which go to make up the quality and value of the car you buy.

Take these features and weigh them individually in your judgment. Compare them with those of other cars at the price you wish to pay. Oldsmobile Six invites you to make the most exacting of inspections and the most thorough of comparisons of every feature worthy of consideration in an automobile. It asks you to check them against cars at far above Oldsmobile price and to base your judgment upon the results of your investigation.

Quality—completeness—precision workmanship—inherent in every individual Oldsmobile feature, are responsible for the abiding satisfaction which is the inevitable experience of the Oldsmobile owner.

Inspect and compare the refinements responsible for Oldsmobile performance before you decide upon your choice of any car.

## 100,000 PONTIACS IN FIFTEEN MONTHS

A new mark for the automotive industry to shoot at was set when the 100,000th Pontiac six rolled off the assembly line less than fifteen months from the time car No. 1 was built in January, 1926. Pontiac factories at Oshawa, Ontario, and Pontiac, Michigan, are working at high speed, and it is expected that the current month will see this unique record followed by the greatest production in Pontiac's history.

"Completion of the hundred thousandth Pontiac six was hastened by the heavy influx of orders for spring delivery," said George E. Ansley, general sales manager of the Pontiac division, General Motors of Canada, in referring to the event. "There is a close relation between the recent announcement of the new and finer Pontiac six at new low prices and the volume of Pontiac sales built during the car's very brief history."

"The Pontiac six met with instantaneous acceptance by the public, which had long been waiting for a quality six-cylinder car at such prices. The unprecedented demand for the new car necessitated immediate and expensive expansion of Pontiac facilities, and these in turn are enabling the manufacturer to divert the savings of volume back to the public, in the form of numerous refinements and the recent substantial reduction in price."

## FORT WILLIAM HAS GRAIN SHIPPING RECORD

The other day a fleet carrying a little over 8,000,000 bushels of wheat sailed from Fort William-Port Arthur. "Undoubtedly," says the Winnipeg Grain Trade Review, "this is the largest shipment of wheat in any one day from any port in the world." There was enough in that one shipment to feed the great city of London for over two months. There was more than all the ocean ports of North America on both coasts shipped in any one day during the past month, more than Australia ever shipped in a week, and more than Argentina has shipped in any week this season.

An Alberta farmer has two cows that gave him a net return of \$740 within a year.

## ALBERTA MOTORISTS WILL PRESS FOR ADVANCED HIGHWAY POLICY

With Canada reaping a harvest of more than \$100,000,000 yearly from the tourist traffic at the present time and the summer camping movement from the United States scarcely commenced to this country, Alberta should energetically prepare to meet this tremendous traffic at the international border with a system of all-weather main highways which would open the Last West and the wonderland of mountain scenery on a scale sufficient to obtain magnificent returns in capital and new settlers within the next few years.

This was the unanimous opinion of members of the Alberta Motor Association representing many parts of the province at the first annual meeting held in Edmonton May 17th. Officials of the association with a first hand knowledge of conditions reported that veritable armies of tourists from the United States are anxious to "explore" Alberta once they have the assurance that all-weather highways are available.

The meeting adopted a resolution calling on the provincial government to embark on a three-year main highway building programme with an outlay of \$10,000,000, to be raised by a capitalization of the revenue received from the motor vehicle license and the gasoline tax, amounting this year in round figures to \$1,500,000.

It was also agreed that the most earnest and concentrated effort should be made to have the Dominion government re-establish the federal aid policy for provincial highways, first granted in 1919 and to expire in 1927 and of which fund of \$20,000,000 Alberta received \$1,477,000. Members were strongly of the opinion that the Dominion should appropriate \$50,000,000 to the provinces on a road mileage basis in each province, with the definite object in view of completing an all-Canadian highway from coast to coast and of perfecting the main tourist routes into the country.

Enmarking motor license and gas tax receipts for road purposes in the province; the building of main highways through urban municipalities by the government; the adoption of uniform traffic regulations in the province; completion of the Jasper highway; investigation of the question of building a hard surfaced highway from Edmonton to Montana within a few years, and a vote of appreciation of the government's efforts to construct a gravelled road from Edmonton to the boundary, were among resolutions endorsed at the annual meeting.

Charles H. Grant, K.C., of Edmonton, was re-elected president of the A.M.A., with A. B. MacKay, Calgary, and Frank Barnhouse, Edmonton, first and second vice-presidents. A strong executive committee was named representing the north and south to carry on activities for the next year. W. S. Deisman, Calgary, is secretary, with John Blue secretary of the northern division.

## THE HUTTERITE SCHOOL PROBLEM

Hutterites in the Pincher Creek district are starting an agitation to have their own schools. Any government, municipality or school district in Canada which caters to the whims and eccentricities in school matters of any foreign sect coming to this country, is but making a rod for its own back and is setting a precedent which is bound to react to the detriment of the whole country. The very best way to make good Canadians out of the young foreigners coming to our shores is to have them mix with our own children in our own schools. And there is nothing which will retard their progress and development more than to allow them to segregate themselves into colonies where their old ideas, ideals, language and customs will be taught and perpetuated.—Redcliff Review.

Since the invention of the printing press, 650,000,000 copies of the Bible have been printed.

## RED CROSS CAMPAIGN FOR A MILLION DOLLARS

The Canadian Red Cross, on Empire Day, will enter on a nation-wide campaign to raise \$1,000,000 with which to carry on its comprehensive peace time programme in the interests of the returned soldier and the health of the citizens generally, a programme of national welfare on which it has already spent a sum of over \$7,000,000 since the war.

Chief Commissioner J. L. Biggar, of Red Cross headquarters, states that plans for the campaign are well forward in all provinces so that it is now only a matter of days until the first posters appear in many parts of the Dominion and the first guns fired.

While the general plans of campaign have been worked out at headquarters, the detailed local arrangements in the nine provinces have been in the hands of the various presidents and directors, who will carry them forward to the close of the campaign on Dominion Day in the way best suited to their districts.

These officials are: in British Columbia, Thos. H. Kirk, president, and George D. Moir, commissioner; in Alberta, His Honor Dr. E. W. Egbert, president, and W. F. Marshall, commissioner; in Manitoba, F. J. L. Harrison, president, and Major J. W. Forbes, D.S.O., commissioner; in Ontario, Mrs. H. P. Plimtre, president, and Dr. F. W. Routlay, director; in Quebec, F. J. Shaw, president, and Lieut.-Col. Buckley, D.S.O., manager; in New Brunswick, President F. T. Short; in Nova Scotia, President W. H. Hayes, and in Prince Edward Island, the Hon. Mr. Justice F. L. Hazard, president.

It is understood that the society will make its appeal directly on its record of accomplishments in its service for the disabled soldier, its thirty-nine outpost hospitals, the seaport nurseries in Halifax, Saint John and Quebec, the Junior Red Cross now numbering 140,000 children engaged in the pursuit of health for themselves and handicapped children, the disaster relief activities of recent times, and the home nursing training which has been extended to over 12,000 women and girls in the last three years.

## WAR HISTORY OF THE FOURTEENTH BATTALION

Scattered all over the Dominion of Canada are men who served overseas in the 14th Battalion Royal Montreal Regiment, C.E.F. The demands of civil occupations, time, and distances have somewhat weakened the lines of comradeship that were forged in the mud and blood of Flanders, but an opportunity is now present for recalling the memories of those glorious, tragic days and renewing old friendships. There is now available a history of the gallant 14th, such as few regiments can boast of. A day-by-day itinerary, showing every town where the battalion billeted overnight, as well as every battle and every trench tour, is included in this historical review, together with complete lists of the honors and awards made to the regiment, of commissions granted in the C.E.F. or the Imperial army, as well as the roll of those who gave their lives for the Empire in the great struggle.

The history has been in course of preparation for the past eighteen months. It has been written by R. C. Fetherstonhaugh, of Montreal, in collaboration with the regimental history committee, under the chairmanship of Lieut.-Col. C. B. Price, D.S.O., D.C.M., 425 Metcalfe Avenue, Westmount, P.Q. In addition to the story of the battalion's work from 1914 to 1925, the history also contains a foreword by General Turner, twenty-one pages of illustrations and five maps. The whole makes a volume that will be prized by all interested in the Royal Montreals, and the hundreds who passed through the ranks during the war and since. The committee are desirous of getting in touch with all ex-members of the 14th Battalion, and orders for the history are now being received by Colonel Price. The price of the volume is \$3.50 postpaid.

## BRINGING NEW GAME BIRDS INTO ALBERTA

Considerable attention is being paid to re-stocking provincial woods with game birds. Steps are being taken to secure from the Estonian government a supply of Russian "cock of the wood," a splendid game bird for setting out in Alberta. It is claimed that this game bird will thrive as well in the Canadian west as the Hungarian partridge, of which there are now hundreds of thousands from the few score set out just twenty years ago. At the same time Calgary's fish and game association is planning to import English pheasants and bob-white quail.

Last week we sent a bill to a local young couple for the announcement of the arrival of a baby boy. Our rates are five cents for the first, five dollars for the second and five hundred dollars for the third. Local folks will be governed accordingly.

## Out for Business

Hesitating in front of a suspicious looking stretch of mud, the autist was approached by a small boy.

"You can drive in if you want to, mister," said the young business man. "Farmer Jones is waiting to haul you out for five dollars, but if you'll give me a dollar, I'll show you a good way round."

Two women in a train argued concerning the window and at last one of them called the conductor.

"If this window is open," she declared, "I shall catch cold and will probably die."

"If the window is shut," the other announced, "I shall suffocate."

The two glared at each other. The conductor was at a loss, but he welcomed the words of a man who sat near. These were: "First open the window. That will kill one. Next, shut it. That will kill the other. Then we can have peace."

## THE PASS FIFTEEN YEARS AGO

(The Blairmore Enterprise, 1912)

April 18.—H. E. Lyon has just put through one of the biggest real estate deals known in Blairmore for many months. The land sold is that between T. Ede's building and the site of the Cosmopolitan hotel. The buyers are R. M. Brisco and A. A. Sparks, who plan to erect new buildings at once. Mr. Sparks plans on building an hotel much larger than the one recently destroyed by fire and, will occupy twenty-five feet extra frontage. The Brisco lot adjoining was where the Kalil Bros' store, formerly the opera house, stood. Here he will build a store of brick tile, two storeys with basement.

Mar On had the misfortune of having a brood mare and foal killed by a C.P.R. train on Monday morning.

Bonds to the value of \$45,000, issued by the Town of Blairmore and sold to Noy & James, Regina, were signed by Mayor Lyon and town clerk W. L. Shera, on Monday morning. Eighteen hundred signatures were required.

A number of Conservatives and a press representative met at the office of Lyon & Hinds on Monday evening, the object being to consider advisability of placing a candidate in the field for the forthcoming election. It is hard to say who the standard bearer of Conservatism will be, but the names of Dr. Brett, H. E. Lyon, Dr. A. C. C. Johnson and J. H. Farmer are amongst those mentioned.

William Buckham was killed by a fall of rock in the mine at Bellevue on Saturday last. The remains were laid to rest in Blairmore cemetery. Rev. W. H. Irwin, of Bellevue, officiating at the services.

Sidney J. Sargent drove out to Macleod on Monday, where he made sale of a pair of horses.

The Toronto Glee Club were well received at both Blairmore and Coleman last week end.

John Gaskill Smith is opening an office one door east of that of Lyon & Hinds, where he is closing out Mar On's business.

A new girl has secured a position in a Blairmore office. And a new young man has about grasped the "situation."

Miss M. E. O'Brien attended the teachers' convention at Calgary last week, returning here on Sunday.

Frayer & Sinclair removed the safe of the old Union Bank at Frank to the bank's new branch at Bellevue on Friday last. This safe is the largest in The Pass.

The wreck of the White Star liner Titanic, carrying to a watery grave fifteen hundred persons, is the greatest maritime disaster in history. The Titanic was 46,328 tons, measuring 882 feet six inches over all.

Thomas Crahan has offered for sale a new subdivision of the Town of Coleman. Mr. Alex. M. Morrison is sales agent.

Mrs. Steve Humble, of Bellevue, is visiting in Lethbridge and Taber this week.

Mr. Arthur J. Kelly has returned to Bellevue, after attending the provincial teachers' convention at Calgary.

Rev. W. T. Young, of Frank, will open services in the Hillcrest church on Sunday next.

Miss Florence Hallworth gave a birthday party to a number of her playmates at her home in Bellevue last week.

The Goodwin boys, expect their parents to arrive in Bellevue from England in a few days.

Jimmy Serra was married at Banff on Tuesday of this week. It is reported that Mr. Serra will move to Banff in the near future.

A special meeting of the Blairmore Board of Trade was held on Monday evening, presided over by Vice-President Raoul Green. A resolution was

passed, asking the provincial government to assist the people of Frank in moving from what is declared to be the danger zone in the event of Turtle Mountain tumbling again.

Mr. H. Dexter McKay returned to Frank on Saturday from Calgary, where he attended the teachers' convention.

At a special meeting of the Calgary Board of Trade on Thursday afternoon last, the following resolution was passed: "That this Board urge upon the provincial government the necessity for the removal of the town of Frank to a safer location, and that the government meet the cost of moving buildings and utilities."

April 25.—Messrs. Sick and Simpson have decided to enlarge the Alberta hotel here. They plan on putting up a \$60,000 brick structure.

The Rocky Mountain Cement Company's plant here is now turning out close on 100 barrels of Portland cement a day.

Walter Knight and A. M. Denamore were in town from Lundbreck on Saturday.

A local company, headed by D. A. Sinclair, are making plans for the erection of a fine hotel at Maple Leaf.

The C.P.R. passenger service throughout this part of the country is unique and all the trains are arriving on schedule time.

A son was born to Mr. and Mrs. Watts Goodwin at Bellevue.

Mrs. D. Davidson and family and Mrs. Gilbert Cousens came down from Fernie last week to join their husbands at Bellevue.

The West Canadian Collieries are subdividing some 240 acres at Bellevue and placing same on the market.

The last execution at Macleod jail took place on January the 5th, 1908, when Mah Hong, a Blairmore Chinaman, was hanged for the murder of his brother.

A meeting of ratepayers was called on Monday evening last, when the offer made to the town council by the West Canadian Collieries Limited was discussed. H. E. Lyon stated that the above company offered land to the value of \$30,000, including a site for fire hall and five acres for a nuisance ground. Mr. J. Menard, general manager of the coal company, stated that the company was not approached on the matter of a site for a fire hall. The price asked by the company was \$1900. The company was willing to save the town considerable by giving free a site for fire hall and a large parcel of land (five acres) free for a nuisance ground. The fire hall site consisted of two lots on Victoria Street, east of the telephone office. Mr. Lyon, when called upon, stated that he had been informed there was considerable gossip going the rounds and that he had been treated unfairly in this matter. He favored the proposition of the West Canadian Collieries, because he believed that he would be thus serving the best interests of the town. A free site would seem a saving of \$1500, which could be spent on equipment. A motion was made by Mr. J. Menard

## The Spirit of the Jubilee

It is now clearly manifest that the celebration of Canada's Diamond Jubilee will be general throughout the Dominion, and that the ceremonies marking this historic occasion will be colorful, entertaining and instructive as befits the sixtieth anniversary of a nation's birth. The columns of every daily and weekly paper, however small the latter may be, tell the same story of the holding of public meetings and the appointment of committees of representative citizens to plan a fitting celebration on July 1st and the succeeding two days. It is quite evident that it will be a very unrepresentative and poor-spirited community which fails to commemorate the inauguration of the Dominion.

The very general interest being displayed is a gratifying evidence of the pride which Canadians have come to have in their country. It is an evidence of a real national spirit. Equally gratifying is the way in which local communities throughout the Dominion have accepted the lead of the National Committee and are planning to make Dominion Day celebrations truly commemorative of Confederation, rather than merely days of sporting events. Generally speaking, the ceremonies on July 1st will be patriotic and historical in character, while on July 2nd—also a national holiday in this Jubilee year—sports and other programmes will be carried out.

Time, energy and money spent in organizing truly worth-while commemorative ceremonies will be well expended only if the true, underlying spirit of the Jubilee is never lost sight of, but, on the contrary, is strongly emphasized. It is urged that every celebration on July 1st should have "a clear, strong, dominant note of patriotism, directing the hearts and minds of all to Canada." Particularly is it desired that in all Dominion Day ceremonies the most prominent place be given to the children of Canada.

The Jubilee ceremonies should, very properly recall the condition of Canada prior to 1867, the lack of unity then existing, the suspicions entertained, the doubts and fears for the future which prevailed. It should be remembered that Confederation was devised to overcome these conditions, to find a solution for the existing problems and difficulties. We should as a people revive in our memories the patriotism, the vision, the self-sacrifice of the Fathers of Confederation who fought all differences of party, of racial descent, of creed, in order to render service to Canada and the Empire. The spirit of the Fathers should be the spirit of this Diamond Jubilee.

Confederation brought union and strength out of division and weakness. It has replaced doubts and fears with confidence; discouragement has given place to courage and a justifiable pride. The achievements of the Canadian people in the succeeding sixty years are without a parallel in the history of the world. They have spanned and re-spanned a continent with bands of steel; they have created a strong and united nation out of isolated colonies; they have placed their flag on the seven seas, and carried their commerce to the uttermost parts of the globe, even in the fiery ordeal of the world's greatest war they took second place to no other people, but by their self-sacrifice and unflinching labor won the admiration of all men and won for Canada a place of equality with the world's greatest and proudest nations.

But Confederation made more than all this possible. It has resulted in revealing the people of Canada to themselves, in working together in the solution of great national problems, in carrying through gigantic enterprises to success, and in devoting their energies to the development of some of the greatest natural resources possessed by any land, they have learned each others good qualities. They have given to the world a great object lesson of how two races, differing in language and in religion, can exercise tolerance and forbearance, and appreciating the contribution which each has to make for the common good, unite to lay the foundations of a united state, progressive, prosperous and happy.

Recalling the difficulties and achievements of the past, glorying in the present, the real celebration of the Jubilee will be found in a reaffirmation of loyalty and a re-dedication of service to Canada on the part of individual citizens, and, appreciating the contribution which each has to make for the common good, unite to lay the foundations of a united state, progressive, prosperous and happy.

### Northern B.C. Minerals

A force of engineers of the National Lead Company of New York will invade Northern British Columbia this month to investigate lead and other mineral properties. If their reports are favorable the company will likely become interested and engage in mining. The Portland Canal and Alice Arm will be visited first, after which the party will go to Terrace and other points along the Prince Rupert line of the Canadian National Railways.

### Hemp for Fibre

Tents completed recently demonstrate that hemp for fibre can be grown very successfully in many parts of Canada.

Measure a man by his everyday conduct rather than by his extraordinary exertions.

Never judge a man by the opinion he has of himself.

## Druggist Gave Her Advice

Miss Ruth Horowitz, Bronx, N.Y., writes: "Having been troubled with indigestion caused by constipation for several months, my druggist advised me to try CARTER'S LITTLE LIVER PILLS. He said they are good for a hundred different ailments. I never knew the value of them. I can safely say that since I am taking them, and only one each night, I feel like myself again and can eat most anything. Those who suffer from sick headache, indigestion, biliousness, tired and aching feeling, when due to constipation, will find relief in taking CARTER'S LITTLE LIVER PILLS. CARTER'S LITTLE LIVER PILLS in red packages, 25c. and 75c. Try them to-night—Tomorrow refreshed—All druggists.

### Veteran Missionary Dead

Late Father Cochlin Was Prisoner of Indians in Rebellion of 1865. Rev. Fr. Louis Cochlin, O.S.A., veteran missionary among the Cree Indians, died at Battleford recently at the age of 71. One of the outstanding achievements of his career was his work in connection with the surrender of Poundmaker, the Indian chief, and peace parties which followed.

Fr. Cochlin joined the Oblate Order of St. Joseph, a young man in France, and following his ordination to the priesthood, came to the northwest, taking up missionary work among the Indians immediately on his arrival.

## Home Not Complete Without Nerville

When your stomach is badly upset, when you are belching gas and suffering from nausea, the quickest relief will come from 25 drops of Nerville. Take it in sweetened water and you get an immediate result. Nerville has been used for nearly half a century and is considered a necessity in most houses, because of its usefulness in preventing many small ills that constantly arise. Sold everywhere in 35 cent bottles.

### Northern Grown Seed

Striking Success is Obtained With Canadian Alfalfa Seed

The superior quality of northern seed is nowhere more strikingly shown than in the success obtained with Canadian alfalfa seed. For a long time it was difficult to grow alfalfa successfully in many parts of Canada, but the development of an ample supply of hardy strains of seed has, to a certain extent, solved the problem of winter-killing and the Dominion's alfalfa crop increased from 238,000 acres in 1920 to 853,000 acres in 1928.

## THE BEST MEDICINE SHE EVER USED

Dr. Williams' Pink Pills Highly Praised by a Quebec Lady

Mrs. David Logan, Theford Mines, Que., gives unstinted praise to Dr. Williams' Pink Pills, saying that they have done in her family. Mrs. Logan says: "I have been a user of Dr. Williams' Pink Pills for many years, as occasion required, and have always found them a most reliable medicine. My husband, who has been suffering from an attack of typhoid fever, and was in a very weak condition, took the pills, and through the gallant health and strength. My daughter was in a run-down condition, and was forced to discontinue work. Again Dr. Williams' Pink Pills were resorted to and she was soon restored to excellent health. Then my youngest boy had an operation performed for adenoids, which left him in a weak condition. On using Dr. Williams' Pink Pills were tried, and he was soon in excellent health. So I can truly say that the more satisfaction has been obtained by the use of this medicine. The pills have done more good in my home than hundreds of dollars worth of more expensive medicines."

Dr. Williams' Pink Pills assist digestion, correct the lassitude, the palpitation of the heart, shaky nerves and the nervousness of the system, and are the results of this, improve blood.

You can get these Pills from any medicine dealer, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### Sodium Sulphate

Large Deposits Have Been Located in Western Canada

In Canada sodium sulfate, in the form of salt cake, finds its largest use in the pulp and paper industry, and is also employed in the metallurgical, glass, dye, textile and other industries. Eighty-three occurrences of natural deposits of sodium sulfate have been located in Western Canada, principally in Saskatchewan, and an investigation of 21 of these by the Dominion Department of Mines shows the presence of over 115,000,000 tons of hydrous salts, mainly sodium sulphate.

### Heads Geology Department

Dr. T. S. DeLury, who has been on the staff of the University of Manitoba, has been appointed to the head of the department of geology, which has been established by the University of Saskatchewan. Dr. DeLury had done a great deal of investigation work in the mineral areas of Manitoba.

### Canada Is Centre For Paper Trade

Canada's exports of paper exceed those of any other country in the world, and in the matter of newspaper paper her exports are probably greater than those of the rest of the world combined.

Minard's Liniment for dandruff.

### Canadian Art in Paris

Exhibition of Canadian Paintings Praised by French Critics

From Charles Stewart, the Paris correspondent of the New York World, comes this comment on the most recent collection of Canadian art in Paris. He says:

"The exhibition of Canadian paintings sent over to Paris under the auspices of the Fine Arts Commission has been a real triumph. The galleries of the Tuileries annex of the Luxembourg Museum like a fresh breeze of wind from the open spaces of the great Northwest. And it is thus that these works of art have been acclaimed by the French critics. There is much excellent individual efforts and the show as a whole is of a high order of merit. The greater proportion of the 200 canvasses exhibited consists of decorative landscape painting, which 'March Afternoon' and three other paintings by Maurice Cullen are conspicuous for their brilliancy, as are the vividly colored snow scenes by Clarence A. Gagnon. 'The magic of the morning' and 'The day after' of the critics, 'spiritualized through the eyes of the artist does not seem to appeal to the austerity of the Canadian painter.'"

No matter how deep-rooted the corn may be it must yield to Holway's Corn Remover if used as directed.

### A Strange Coincidence

Fellow Engineers in Chicago Factory Fought Against Each Other in War

Two young engineers, who have worked shoulder to shoulder for more than four years in the peaceful haunts of one of Chicago's largest industries, has compared notes to discover what each other's cause was in the other, to achieve the grime of battle during the World War.

These men, cited for their bravery by Germany and Canada, are Harry Ratcliffe, 28 years old, whose home was in Winnipeg, and William Seligman, 28, formerly of Frankfort.

Ratcliffe's citation credits him with being one of the cleverest machine gunners in the Canadian contingent; Seligman was one of Germany's most expert marksmen.

By his ability to wipe out machine gun nests, he won the Iron Cross.

Comparing notes, these two men revealed coincidences as strange as fiction. During the battle of Passchendaele, Ratcliffe, a corporal of the "Little Black Devils," 27th battalion, Canadian Expeditionary force, and Seligman, a private of infantry Regiment No. 268, Imperial German army, were less than fifty yards from each other on that eventful day of November 5, 1917.

From his secret vantage point, Seligman recalled, he managed to mow down one "Canuck" machine gunner after another. But there was one that he could not out from his gun, which was splitting death to the Germans. That man, he is certain, was Ratcliffe, who routed the Germans, in that warm exchange.

During the battle of Passchendaele, Ratcliffe, a corporal of the "Little Black Devils," 27th battalion, Canadian Expeditionary force, and Seligman, a private of infantry Regiment No. 268, Imperial German army, were less than fifty yards from each other on that eventful day of November 5, 1917.

From his secret vantage point, Seligman recalled, he managed to mow down one "Canuck" machine gunner after another. But there was one that he could not out from his gun, which was splitting death to the Germans. That man, he is certain, was Ratcliffe, who routed the Germans, in that warm exchange.

Comparing notes, these two men revealed coincidences as strange as fiction. During the battle of Passchendaele, Ratcliffe, a corporal of the "Little Black Devils," 27th battalion, Canadian Expeditionary force, and Seligman, a private of infantry Regiment No. 268, Imperial German army, were less than fifty yards from each other on that eventful day of November 5, 1917.

### Crown Jewels on Display

Hohenzollern Collection Dates Back to Frederick the Great

Hohenzollern crown jewels, valued at \$2,000,000 and dating back to Frederick the Great, are on public view for the first time in history in 200-year-old Monbijou Castle, Berlin. Amusement at the gorgeousness of the collection is expressed even by intimate friends of the court, as it was believed that the "treasures of Prussian kings were not nearly so vast."

The forty-two salons of the castle, the favorite residence of Frederick the Great's mother, contain the priceless Hohenzollern seals, scepters, the royal miter studded with huge diamonds, valuable snuff boxes of the Great Elector and jewels of Queen Louise. Several rooms contain some of the finest specimens of the porcelain, some of which are more than centuries old.

The castle had not been used as a royal residence for fifty years when it was opened as the Hohenzollern museum. It was closed in 1918, but since the indemnification settlement with the former Kaiser last fall, the crown jewels, which became the property of the State of Prussia, have been collected and are on exhibition there.

### Lobster Canners

There are about 500 lobster canneries in Canada employing nearly 7,000 people. The normal catch of lobsters amounts to about 25,000,000 pounds.

There are about 500 lobster canneries in Canada employing nearly 7,000 people. The normal catch of lobsters amounts to about 25,000,000 pounds.

### Time-Saving Way of Dyeing

For perfect tinting of dainty underwear, dresses, etc., the easiest way—and by far the best way—is the use of real dye. It tints in cold water, you know; but dip the garment and it takes whatever time you wish to give it. A matter of minutes.

Real dyes will get such smooth and even tones as shine the purple, waxy-waxy work of synthetic preparations for the purpose. Diamond dye is original powder form in only fifteen cents at the drugstore. Do your own dyeing. Then dip to tint—and you'll have an effect that's beautiful. And if you want the tint permanent, just use boiling water.

Diamond dyes do a perfect, "professional" job of dyeing, too; the druggist has sample shades and simple directions. For a book of endless suggestions, in full color, request a free copy of Color Chart of DIAMOND DYES, Dept. N22, Windsor, Ontario.

## Diamond Dyes

Dip to TINT—Boil to DYE

Honor U.S. Members of C.E.F.

Canada to Erect a Memorial at Washington

President Coolidge, through the secretary of state of the United States, has forwarded to Ottawa an expression of appreciation of the plan recently approved by parliament for the erection of a Arlington cemetery at Washington, D.C., of a memorial to Americans who served with the Canadian forces. For this purpose \$10,000 was voted and the expenditure has now been formally authorized by the government. The Imperial War Graves Commission has also given its consent to the memorial which will take the form of the cross of sacrifice.

Bananas exceed nearly any other fruit or vegetable in food value, says Science and Invention. Bananas contain 460 calories per pound, as compared to potatoes, 385; milk, 325; macaroni, cooked, 415.

After having his leg pulled the average man feels like kicking himself.

## SPLITTING HEADACHE.

Minard's Liniment will bring quick relief. Rub the forehead—also inhale.

## ONE MINUTE CHURN ALSO WASHER

As demonstrated at Toronto, X. Ottawa and London, Kingston and Montreal, this machine will do in separate container for washing clothes, and for washing and wringing. Sold on free trial basis with absolute guarantee to make good grade butter in from one hour. Made in oak, also tin—four sizes.

## ONE MINUTE CHURN & FREEZER CO.

115 Mary St., Hamilton, Ont.

## Constipation Ended

Restore your energy, get rid of indigestion and dyspepsia, feel ten years younger, by making the bowels and liver active with Chamberlain's Tablets. Fifty in a Bottle—15c.

## ENGINEER, FOR BOATS AND LAND

Use, now, and used, Outboard motors also. Get lists, Chamberlain Motor Co., 56 Market St., Hamilton, Ont., Canada.

## DEAFNESS, HEAD NOISES, Dizziness, Simple treatment which gave permanent relief gladly explained free to any sufferer writing Henry Thomas, Andrews Road, Dept. Kent, England.

## THE NEW FRENCH REMEDY, DR. THOMAS' PAIN EXPELLER

It is the best remedy for all pains, rheumatism, neuralgia, headache, toothache, etc. It is sold in all drug stores. Price, 25c. per bottle. Made in France.

## Y-O-DIA

is unexcelled for Dyeing and Tinting. Professional Dyers use the Same Kind of DYES

For all pain—Minard's Liniment.

## NOTED CANADIAN ENTERTAINED BY BRITISH LAWYERS

London.—Sir Robert L. Borden, former Prime Minister of Canada, was the guest of honor at the Pitt Rivers Club dinner on his appointment as Cecil Rhodes Lecturer at Oxford.

In the course of his speech, Sir Robert extolled Rhodes, paid warm tribute to Carnegie and Rockefeller and foreboded the time when all the British Dominions would have their own representatives at Washington.

Mr. Borden was among a company of "legal directors," Lord Birkhead said in describing the distinguished company—mostly lawyers like Borden, Birkhead and Reading—during his toast to the former Canadian prime minister.

Lord Birkhead's welcome to Sir Robert's career was interspersed with eulogies of his empire statesmanship. He was unable to recall an occasion during the war, Lord Birkhead said, when Sir Robert's wise counsel was not to the advantage of the Empire, while the fact that the Empire was enriched by the counsel, courage and intellectual help of Sir Robert and General Jan Christian Smuts, war-time premier of South Africa, provided the last argument against talk of the Agency and dissolution of the Empire.

Sir Robert, responding, referred to Cecil Rhodes' dream of avoidance of war by the political union of all the English speaking peoples.

Sir Robert, however, toasting the chairman, Lord Deorborough, declared that the latter, in a desire to act as a go-between Britain and the United States, had indulged in a practice as dangerous as swimming the Niagara. Sir Robert was happy that Canada was now progressing on a line indicating that it was reaching a condition of great prosperity.

## Cheered French President

Doumergue Received Hearty Welcome From Crowds in London.

London.—Crowds lining the streets cheered President Doumergue of France as he was driven in state to the famous Guildhall to be the guest of honor at a banquet and receive an address of welcome in a gold casket from the Lord Mayor and city dignitaries. The presence of cabinet ministers, ranking naval and military officers, the Archbishop of Canterbury and many social celebrities made the function in the setting of the historic Guildhall a brilliant one.

## Disarmament Concession

Geneva.—The forty-fifth session of the Council of the League of Nations which has been convoked for June 13, is expected to hasten the work of the preparatory disarmament commission and to reach agreement on the unsettled issues, so that a general disarmament conference may be speeded up. There are thirty questions on the agenda including a series dealing with the problems of disarmament and the security. Sir Austen Chamberlain, British Foreign Secretary, will preside.

## Would Speed Up Mail

Regina.—The British Post Office has specially requested, in order to speed delivery, that all mail for London should be addressed with the district initial and number, thus: London, S.W. 8, and that mail for other parts of Great Britain and Northern Ireland should have the name of the county included in the address, for instance, Halifax, Yorkshire.

## Ramsay MacDonald Ends Visit

New York.—J. Ramsay MacDonald, former Prime Minister of Great Britain, sailed for home on the Cunard liner Berengaria May 17, ending his second visit to America, made to return with his daughter Isabel to the scenes of his honeymoon visit 30 years ago.

## Issue Liquor Permits

Toronto.—Issuers of permits to purchase liquor at Ontario Government stores—when they are opened—supplied 1,755 persons in Toronto with the slips the first day on which they were available. Seven others were open throughout the city. There was nothing in the nature of a rush to obtain the permits.

## Charters Plane for Long Flight

Amsterdam, Holland.—Van Lee Black, wealthy American, has chartered an aeroplane for a flight to the Dutch East Indies and return, the Royal Dutch Air Service has announced. He will leave Amsterdam June 13 or 14.

## Duty on Buggies and Cutters

Manufacturers Say That Industry is on the Wane

Ottawa.—The rate at which new methods of transportation have been planted the old was graphically illustrated before the Tariff Advisory Board, when a representative of Canadian companies manufacturing cutters and buggies appeared to oppose an application for a reduction in the duties on these vehicles.

In the year 1910 eleven large firms were manufacturing buggies and cutters, and one was manufactured in the Dominion that year, for every ninety persons.

In the year 1925 two firms were manufacturing these vehicles and there was one manufactured for every 1,800 persons.

These figures were submitted to the board by E. Sweet, Hamilton, Ont., appearing for the two concerns manufacturing the vehicles at the present time. He said that the industry had been referred to by the applicants for a tariff reduction as a "dying industry." The board would seem to bear this out and the manufacturers would request that if the industry had to die, it be allowed to die in peace.

E. J. Buchanan presented the application for decreased duties on behalf of the Consumers' League of Canada. He submitted that buggies and cutters were the transportation vehicles of the poorer classes and their sale, while high when compared with tariffs on automobiles and motorcycles. He asked that this difference be removed.

A. E. Barry, Canadian Council of Agriculture, supported the application.

## Assimilating New Canadians

Western Canada Provides Adequate Means of Education

Toronto.—That western Canada has already solved its great education problem in providing adequate means for the assimilation of New Canadians, was the feeling expressed by Rev. Father McWigan, vicar-general of the Roman Catholic diocese of Edmonton, here, Dr. McWigan, is in Toronto as official representative of Archbishop O'Leary, of that diocese, for the 75th anniversary celebration of the University of Alberta.

Education is the one thing the young westerners yearn for most," said Dr. McWigan. "Education in Alberta has been brought to a high plane and we are working in the utmost harmony. It is no longer necessary for western youth to come east for professional teaching. The University of Alberta now provides complete and able facilities in arts, medicine, dentistry, agriculture and education."

## Oxford Students Protest

Oxford.—Hundreds of Oxford undergraduates were lined up for their turns at a trip in an aeroplane, at the aviation field, when protestors appeared and ordered them off the field. The students protested at being forbidden to fly and the protestors took many names. It is reported that many disguised themselves as workmen and made flights later in the day.

## Crossed Niagara Gorge in Basket

Niagara Falls, N.Y.—Mrs. Elvira Hallett Gates, the first woman to be carried across the Niagara Gorge in a basket that hung from a cable stretched between the Canadian and American shores in early village days, is doing again. The primitive method of travel before the bridges were constructed was an invention of Mrs. Gates' father.

## Close Montreal Dairies

Montreal.—In an effort to stop the spread of typhoid fever, in Montreal, which has been prevalent here recently, two milk supply concerns in Montreal were ordered closed by Dr. A. Leard, director of provincial bureau of health, here. The action was taken under the Quebec Public Health Act.

## Guests of French President

London.—King George and Queen Mary were guests of honor at a banquet of President Doumergue of France, who is on a visit to Britain. The French embassy, where the banquet was given, was lavishly decorated. One hundred guests were present, including ambassadors with their wives and numerous members of society.

## Buys More From U.S.

Ottawa.—Canada is buying more from the United States. During the 12 months ending March, imports from the United States were \$68,000,000 against \$610,000,000 in the previous year. Exports were \$466,000,000, a decline of eight millions.

## Robbery Is Frustrated

Winnipeg Police Take Into Custody Several Suspects

Winnipeg.—Within a few days Winnipeg was to have been the scene of a bank robbery, but a police raid frustrated elaborate plans alleged to have been made by a gang of local bandits, and five men are now charged with conspiracy to rob. Two other men are held as members of the gang, while several material witnesses are said to be in the police cells, although information concerning them has not been divulged.

The arrest of the gang follows a sweeping investigation of underworld hangouts in the city, during which scores of men known to the police were questioned. The robbery of the bank, according to the police, had been planned for April 22. On that date five men, armed with revolvers, drove in an automobile to a branch bank in the west end of the city. The presence of two men on bicycles, whom the bandits took for police officers, frustrated the robbery, but plans for a new attempt had been drawn up.

## Insane Drivers

Peculiar State of Affairs Reported From Detroit

Toronto.—According to a special despatch to The Toronto Globe from Detroit, an investigation held by the safety traffic department of the Detroit Automobile Club disclosed the fact that one third of the inmates confined for insanity at St. Joseph's Retreat, Dearborn, hold automobile driver's licenses.

In a communication from the Dearborn chief of police to the Automobile Club, the official says that one inmate of the asylum constantly drives his automobile at a speed in excess of 45 miles an hour, believing that at this speed his motor runs upon the power of a foreign spirit. Similar instances were cited as existing measures to public safety when many of the inmates of the institution were periodically returned to private life.

A state wide investigation to determine the extent of this situation in similar institutions has been opened by M. C. Bristol, of the traffic department.

## PROVINCES PLAN CONFERENCE TO BE HELD IN FALL

Victoria, B.C.—The last week in September and the first week in October have been suggested by the British Columbia Government as the best time for holding the inter-provincial conference planned by the federal government for this year.

This suggestion was advanced by Hon. J. O. MacLean, acting premier in reply to a communication from Hon. Fernand Dufresne, Canadian Secretary of State, who is making arrangements for the gathering of representatives from all parts of the Dominion to discuss inter-provincial relations.

Mr. Dufresne has informed Dr. MacLean that the federal authorities will prepare an agenda for the conference on the basis of suggestions from the provinces and forward it here as soon as possible.

British Legion Settlers Arrive

One of the finest single parties to swell Canadian population this year arrived in Canada recently at Quebec aboard the Canadian Pacific steamer Montrose. The party of five families comprising 100 persons in all came to Canada under the auspices of the British Empire Service League, being the first to be sent to Canada through this immigration scheme.

The men are all ex-servicemen and are, highly desirable types of settlers on account of the fact that all have been trained in farm work at the Ministry of Labor's Training Farm at Brandon, Suffolk, England. They have been instructed in various branches of agriculture to enable them to meet conditions in this country as they find them.

The above photograph was taken at the C.P.R. station in Winnipeg and shows a number of this party waiting for the train that will carry them farther west to their new homes in Saskatchewan.

## ONTARIO BOY IS LEADING ORATOR OF THE DOMINION

Toronto.—Amid scenes of tremendous enthusiasm before a crowd of 10,000 people, Frederick Hooton, of Tavistock, Ont., Continuation School, was declared Dominion champion orator at the Arena here.

The judges announced their decision as follows:

1.—Frederick Hooton, Tavistock, Ont.

2.—Miss Simone Landry, St. Adolphe, Man.

3.—Miss Jean Cameron, Vancouver.

Julius Pizar, Young, Sask., and Walter D. A. O'Hearn, Halifax, N.S., were the other competitors, each of whom had won a provincial contest and represented their provinces in tonight's Dominion final.

The subject of the speeches was "Canada's Diamond Jubilee, Her Achievements Since Confederation."

The award for Mr. Hooton is a free trip to Europe this summer and the right to represent Canada at the International contest in Washington, D.C., this autumn, meeting competitors from Great Britain, France, United States, Japan, Mexico and the Hawaiian Islands.

The chairman was Right Hon. Sir William Mulock, Chief Justice of Ontario, and the judges were Chief Justice Latchford, John D. Falconbridge, K.C., dean of Osgoode Hall law school, and Professor Kings of the University of Toronto. Right Hon. Arthur Meighen had consented to act as a judge but he was confined to his bed with an attack of influenza and was unable to attend.

The meeting was held under the direction of Dr. James L. Hughes, director for Canada of the Canadian and International oratorical contest.

The judges handed in individual judgments in which they marked the two contestants in the order of merit as each judged best. The marks were 100 and the winner received.

The judges, who were not sitting together, did not confer.

Dr. James L. Hughes before Chief Justice Latchford made his announcement of the result for which the crowd was waiting with breathless suspense, pointed out that each of the five contestants was 16 years of age and therefore would still be able to compete in the Dominion and International oratorical contests for another two years but he was closed temporarily.

## Fewer Jobless in Britain

London.—For the first time since the general strike which occurred early in May, 1926, the unemployment figures for Great Britain are now below the million mark, being 998,000, or 23,000 fewer than a year ago. The improvement in employment is most noticeable in the iron, steel and engineering industries. There is still depression in the coal fields, however, and four millions in South Wales are closed temporarily.

## Trade Increases During April

Ottawa.—Canada's trade continues to grow. Increase in April exports was greater than in imports, when comparison is made with April of last year. Total trade increase was \$24,000,000, divided:

Exports, increase, \$17,000,000.

Imports, increase, \$7,000,000.

## Strawberry Yield Lighter

Increase in B.C. Acreage But Decrease in Ontario

Ottawa.—The commercial bearing acreage of strawberries in Ontario for 1927 is placed at 1,500 acres by the Dominion Fruit Branch, practically the same as last year. The principal commercial districts are as follows: Burlington, 700 acres; Niagara, 300; Norfolk, 400; London and Sarnia, 150; Prince Edward County, 750; other districts, 40.

Last year the commercial production in these districts was placed at 3,992,500 quarts. Bearing conditions of the plantations in the Clarkson and Norfolk districts this year range from 10 to 25 per cent. less than last year. This condition is attributed to the small runner growth produced last season.

Last year British Columbia claimed 1,325 acres, with a total yield of 3,320,000 quarts, while this year the bearing acreage is placed at 2,042 acres, which, based on normal production, should produce 6,126,000 quarts.

## Airplanes Will Spray Rust-Infected Fields

Experiments With Sulphur to be Started in July

Ottawa, Ont.—The department of agriculture has completed purchase of a large amount of sulphur to be used in spraying rusted grain fields in the Red River Valley.

The spraying is to be done by aeroplanes of the Royal Canadian Air Force and the work will be commenced early in July, according to Dr. J. H. Johnston, deputy minister of agriculture, who discussed the prospects of the experiment. The use of sulphur, he said, had been found beneficial in the United States, though the spraying was a very dangerous operation on account of the necessity for low flying.

If the experiments prove a success the department will carry out a large programme next year, he said.

## Fleet Will Watch Boundary

Ottawa, Orders High Speed Boats to Patrol East Coast

Ottawa.—A fleet of more than twenty vessels, with a speed in some cases of about 30 knots, has been commissioned to patrol the coast line along the Maritimes in an effort to combat smuggling.

These vessels will be supplemented by 20 or 25 high-powered automobiles operating from strategic points where roads meet in Nova Scotia, New Brunswick and Prince Edward Island.

Official announcement to this effect has been made by the Department of National Revenue.

## New Depot for Edmonton

Winnipeg.—Announcement was made by W. A. Kingland, general manager of the western region, Canadian National Railways, that the contract for building the new station at Edmonton, has been awarded to the Permanent Construction Company, Edmonton.

Work on the new structure will commence immediately.

## U.S. Envoy Coming

Washington.—Hon. William Phillips, newly appointed minister to Canada, will go to Ottawa the last of this month to present his letters of credence, he informed President Coolidge.

## CADET SYSTEM OF TRAINING IS ABLY DEFENDED

Ottawa.—"It is the duty of a country which compels its manhood to serve in the hour of need, to provide some system of training, so that they may not be called upon to do something they know nothing about," declared Major-General J. H. MacBrien, retiring Chief of Staff, in his farewell message to Ashbury College cadet corps, at the annual inspection here. His address was a defence of the cadet system in Canada, recently subjected to attack.

The last of Canada requires that all males between the ages of 13 and 45 or 60 should serve in time of war, General MacBrien said, although this was not generally known. It therefore was the duty of Government to provide a system for training men to be prepared. The cadet system was a beginning for proper education.

Cadet training developed the spirit of co-operation which served all well in every course of life.

## SEEDING IS WELL ADVANCED IN THE BIG WHEAT BELT

Winnipeg.—With all the so-called bad weather through the West this spring, seeding in all parts of the prairie provinces is well advanced, said Charles Murphy, general manager, western lines, Canadian Pacific Railway, on his return here after an inspection trip to the Pacific coast.

In some parts of the country, Mr. Murphy found that as much as 85 to 90 per cent. of the seeding has been done. Grain is up in Southern Saskatchewan, and on the higher land across the country.

In no single case did Mr. Murphy find the farmer dissatisfied by the lateness of season. If this weather continues, the condition of the soil as to moisture is splendid. The Westerner is not worrying because the crop was not in so early as usual.

The spring has been backward in British Columbia as on the prairie, but the valleys were a mass of bloom when Mr. Murphy came through, and the indications are that there will be a fine crop. If blossoms are in bloom, the fruit crop will be a record. The damage done by frost in the Okanagan was less serious than had been anticipated. Vancouver's growth is amazing, even to such a frequent visitor as Mr. Murphy. Building is going on all over the city.

## Objected To Taking Orders From Native

Nurses Go On Strike in South African Hospital

London.—The Daily Mail's Cape Town correspondent says that the nurses in a Victoria hospital at Mafeking, who resigned in a body because they were asked to assist a native doctor in performing operations at the hospital, continue to render essential services to the patients from humanitarian motives.

The matter has revived the color question and is interesting the whole union. The nurses, who are all Europeans, resigned when Dr. Moema, a native, sent European patients, some of them women, to this hospital, and operated on them. The nurses object to taking orders from any native, whether a doctor or not. Dr. Moema qualified at Glasgow and subsequently was assistant surgeon at Coombe hospital, Dublin.

## Given Speed Trials

British Cruiser Service Develops Over 80,000 Horse Power

London.—The British cruiser Berwick, laid down in September, 1923, and the first of her class to be completed, was given her "high speed trials" Tuesday. For eight hours she was driven under full power. The propelling machinery developed over 80,000 horse power and the cruiser maintained a speed of between 32 and 35 knots.

Four other vessels of the same type were provided for under the 1923-24 estimate—the Cornwall, Cumberland, Kent and Suffolk. The ships are of the 10,000 ton standard displacement established by the Washington naval treaty.

## To Fly to Australia

Vancouver.—Captain Frederick A. Giles, Sydney, former Royal Air Force officer, has arrived in Vancouver from Australia to make plans for a flight across the Pacific this summer. Mr. Giles has been pilot of an air service between Sydney and Adelaide during the past three years and is an experienced aviator. The proposed trans-Pacific flight will be from Vancouver to Sydney by way of Honolulu, Suva, Fanning Island and New Orleans.

## Will Attend Celebration

Kingsland, Ont.—Hugh John MacDonald, Winnipeg, son of Sir John A. MacDonald, first Premier of Canada, has tentatively accepted the invitation of the City of Kingsland, his birthplace, to attend the diamond jubilee celebration here. Sir Hugh John intimates that his health is not good just now but he is hoping it will be so improved that on July 1 he can attend the celebration and greet the many old friends he has here.

## Russia Sending Delegation

Ottawa.—The United States of Soviet Russia, in other words the Soviet Republic, is sending a delegation of some 200 persons to the World's Poultry Congress to be held in Ottawa from July 27 to August 4. These will include the official delegates and some five or six representatives from the country at large.

Why is a hen sitting on a fence  
like a cat? Answer—She has a  
head on one side and a tail on the  
other.

Gramson Elks have undertaken to  
equip the school there with a com-  
plete playground equipment.

Dr. J. Vinesa arrived here on  
Sunday morning from Edmonton to  
act as medical assistant to Dr. J.  
Olivier.

Despite the bad weather, quite a  
number of young folks from this dis-  
trict attended the dance at Lund-  
breck on Friday night last.

**See our windows for Pay-  
Day Specials — P. BURNS  
& CO., Limited.**

Mrs. E. Hinds and son and daughter,  
George and Thelma, leave by to-  
morrow morning's train to join Mr.  
Hinds at Bellingham, Washington.

Rev. W. T. Young is in attendance  
at the annual conference of the United  
Church in Alberta at Calgary and  
will return here by tomorrow  
morning's train.

Students graduating from the Cal-  
gary normal school have decided by  
resolution not to apply for positions  
as teachers for a salary less than  
\$1000 per annum.

One of our exchanges last week  
carried the following enlightening  
news item: "Mrs. Tom Hicks is very  
much improved, she having been  
kicked by a horse."

An offer to place destroyers at the  
disposal of Captain Charles Lind-  
bergh, to carry him and his plane,  
"The Spirit of St. Louis," home, has  
been called for.

Unbreakable glass has been invent-  
ed. So we may soon be reading items  
like the following: "Flying splinters  
from the driver's head falled in the  
least to injure the windshield."

Robert and Findlay Patterson will  
arrive here tonight to attend the fun-  
eral of their father, which takes place  
Sunday afternoon. Mr. and Mrs.  
Jack Stitt are up from Lethbridge  
also.

The local Elks' Lodge will hold its  
annual kiddies flag day this year on  
July 1st. This will be a very appro-  
priate event, during the time of the  
big Jubilee celebration, details of  
which will be given out later.

Cranbrook's two weekly papers, the  
Courier and Herald, have amalgama-  
ted and will in future be known as  
the Courier. Mr. F. A. Williams has  
moved the Herald printing plant to  
Kimberley, where he is publishing the  
Kimberley Press.

The concert given in the Hillcrest  
opera house on Friday night last in  
behalf of the Hillcrest Amateur Or-  
chestral Society was a huge success.  
The following assisted in the pro-  
gramme: Miss Madeleine Chardon,  
piano soloist; W. Goodwin, saxophone  
soloist; Frank Johnson, violin solo-  
ist; Mrs. Bannan, soprano soloist;

Mrs. Rose and Mr. Norman Miller,  
piano duet; Mrs. Bannan and Mrs.  
Robinson, vocal duet; Miss Jean  
Cruckshank, elocutionist; Mr. Percy  
Salt, tenor soloist; Misses Catherine  
Rose, Jennie Makin, Gladys Rhodes  
and Beanie Davies, junior violin quar-  
tette; and Messrs. Walter Moser, Joe  
Jaabec, Harry Stobbe and Billy Kyle,  
senior violin quartette. Several selec-  
tions were rendered during the even-  
ing by the Hillcrest Amateur Orches-  
tra, 1926 and 1927 festival winners.  
The programme throughout was ren-  
dered excellently. A good house was  
in attendance and a neat sum was  
realized.

#### NOTICE

Until further notice, Barber Shops  
will be closed Wednesdays from 1 to  
6 p.m., then open till the usual clos-  
ing hour.  
**BLAIRMORE BARBERS.**  
H. Upham and Alf. Link.

## NOTICE

It has been called to the attention of the Directors  
of the Blairmore Arena, Limited, that boys are en-  
tering the Arena; and they wish to state that any  
boy found upon the premises will be handed over to  
the police.

**BLAIRMORE ARENA, LIMITED,**

## Local and General Items

The regular monthly meeting of  
the United Church Ladies' Aid will  
be held in the church on Wednesday  
next, June 1st, at 2.45 p.m.

Miss Celia Handley returned to  
Creston on Wednesday morning, af-  
ter several weeks spent here with Mr.  
and Mrs. William Harrison.

Mr. George R. Neal has opened a  
men's wear store in the I.O.O.F.  
building at Coleman. Mr. Neal  
comes from eastern Canada.

Ed. Royle went fishing on Tuesday.  
He bought himself a ten-dollar rod  
and line for forty cents, filled a bath-  
tub with ice-cold water and fished all  
day without luck.

A Nova Scotia business firm put on  
a mammoth sale to celebrate their  
thirty-first year in business. In an  
advertisement a typographical error  
occurred, making it read 231 years,  
instead of 31 years in business.

At a recent meeting of the Strath-  
more town council, the mill rate for  
1927 was struck at 76, and supple-  
mentary revenue tax of 4 mills, mak-  
ing a total of 80. This rate, of  
course, covers town and school.

The marriage took place at the  
registrar's office, Calgary, on May  
the 21st, of Miss Nora Aileen Dyson,  
fourth daughter of Mrs. Florence Dy-  
son, of Vancouver, formerly of Cal-  
gary, to Ian Hamilton Abercrombie,  
son of Mr. and Mrs. William (Bill)  
Abercrombie, of Calgary.

Two young farmers, living near  
Victoria, Australia, advertised in an  
English newspaper that they desired  
to correspond with two English  
women, object matrimony. One mail  
boat from England brought in reply  
more than 2000 letters from England,  
Ireland, Scotland and Wales.

The many friends of Rev. Father  
McCormick, of Coleman, will regret  
to learn of the death of his brother,  
which occurred at his home in Alex-  
andria, Ontario, on Friday, May the  
6th. Father McCormick was with his  
brother when the end came. He ar-  
rived back to Coleman on the 15th.

**See our windows for Pay-  
Day Specials — P. BURNS  
& CO., Limited.**

The concert given in the Hillcrest  
theatrical, Pincher Creek, returned last  
week from a three months trip to his  
old home in Greece. Over there, he  
visited all the principal European  
cities and thoroughly enjoyed the  
trip. The return to Canada was made  
on the Empress of France, which  
travelled across practically side by side  
with the Aquitania.

Mr. S. S. Savage, head of the  
wholesale firm of Plunkett & Savage,  
Limited, has been called to Mexico,  
owing to the serious illness of his  
brother and left Calgary last week  
end. Returning, Mr. Savage will stop  
over in Kamloops, B.C., where he  
will lay the corner stone of the new  
Elks' home, which is being erected  
there.

The Calgary School Board regu-  
lates the yearly salary increases for  
its teaching staff according to the  
grading the teachers receive from  
the superintendent and inspectors.  
Eighty-nine of these teachers graded  
"excellent," 155 "good," 19 "fairly  
good" and 1 "fair." A teacher must  
at least be rated "good" to receive  
any increase at all. This is a policy  
that might well be adopted by the  
Coleman School Board. — Coleman  
Journal.

Jack Bushon has moved his gro-  
cery store across the street, next door  
to the Coleman Hardware store.

The first Mississippi river levee  
was built by the French in New Or-  
leans just two hundred years ago.

Put in a new flag pole for the Ju-  
bilee celebration and float a flag of  
your own. It will make the town look  
better for the big celebration.

The Oddfellows and Rebekahs of  
High River, Nanton, Cayley and  
Black River will hold a joint picnic at  
High River on July the 27th.

Miss Florence May, who was in-  
jured some time ago by being thrown  
from a horse, has resumed her duties  
as teacher at the Chapel Rock school.

It has been said that knowledge is  
what makes it possible for a man to  
succeed without using his intelligence,  
and intelligence makes it possible for  
a man to prosper without knowledge.

The charge against George Roberts  
of obtaining one Ford Sedan auto-  
mobile from the Universal Motor Car  
Limited, of Calgary, on March 30th,  
by false pretences, was dismissed,  
Roberts being found not guilty.

D. G. Sorrentino has sold his inter-  
ests in the Palace Theatre at Card-  
ston, and in company with Mr. O. S.  
Brown leaves for Salt Lake City,  
Utah, where they will be connected  
with the Eddington-Cope Radio Cor-  
poration.

Rev. J. W. Oliver, pastor of the  
Bellevue United church, last week re-  
ceived word from England of the  
death of his father. Mr. Oliver had  
been ill for some time. Only about  
a year ago he returned to England  
after an extended visit with his son  
at Bellevue.

Captain Charles Lindbergh, twenty-  
five-year-old United States aviator  
made a successful non-stop flight  
from New York to Paris last week  
in his wonder machine, the "Spirit  
of St. Louis." The distance, around  
3700 miles, was made in practically  
thirty-three hours.

If any district is to be thriving and  
successful, it must be brought about  
by team play. The merchants in the  
town are just as necessary as is a  
plow on the farm to turn the sod  
there. Make your slogan "My Com-  
munity First," and you will be the  
gainer in the end.—Ex.

Perusal of the text of the judg-  
ment of the judicial committee of the  
Privy Council in the Labrador case  
leaves no doubt as to the ownership  
of the vast water powers on the Han-  
ilton river. Both the Muskat Falls  
and Grand Falls go to Newfoundland  
and there will be no appeal on the  
part of Canada. The Grand Falls  
are 302 feet high and constitute one  
of the most wonderful cataracts in  
the world. Newfoundland, by the de-  
cision gets an area of 112,000 square  
miles, or a territory greater in ex-  
tent than England, Scotland and  
Wales combined.

**See our windows for Pay-  
Day Specials — P. BURNS  
& CO., Limited.**

#### IN MEMORIAM

In Loving Memory of Harold Evan,  
child of Mr. and Mrs. M. Joyce, who  
died June 1st, 1923.

"Thou art gone to the grave, but we  
will not deplore thee.  
Though sorrows and darkness en-  
compass the tomb.  
Thy Savior has passed through the  
portal before thee.  
And the lamp of his love is thy  
guide through the gloom."

#### IN MEMORIAM

In Loving Memory of Harry Julius  
Benson, who died June 5th, 1925.  
Time may come and bring its changes,  
Fresh with every coming year.  
But his memory will be treasured  
In the hearts that loved him dear.  
Inserted by his loving wife and  
children.

**People are  
of Two Sorts**  
—Peace-makers, trouble-makers

So are foods. Some irritate and inflame the diges-  
tive tract. Others bring peace, harmony, content-  
ment.

#### MOTHER'S BREAD

Is the great tranquillizer. It soothes and nourishes. Why?  
Because it is nature's complete ration, representing all food  
and no waste. Build your meals upon it.
